## C I R C U L A R

**Circular No:** 88-IIHR/CIR/2022/34

**To:** All Tourist Resorts

**Date:** 21st July 2022

**Subject: CENSUS 2022- Selecting Enumerators from the Resorts**

Dear Sir / Madam,

Greetings from the Ministry of Tourism!

The Maldives Bureau of Statistics (MBS) is conducting Census 2022 from 13th to 25th September 2022. This year's census includes both population and economic census in order to obtain a comprehensive picture of the socio-economic characteristics and living conditions which are essential for effective national planning and policy making. The operation will be carried out in resorts from 13th to 18th September 2022.

As in the previous censuses, enumeration of the resorts is to be carried out by staff designated for this task from the Resort and trained by MBS. Enumerators from resorts will be given training for 3 days from 06th to 08th September 2022 which will be held in Male'.

Enumerators from each resort should be above 18 years of age, with the minimum qualification of O 'level and be literate in both Dhivehi and English. They must be available for the Census period and follow the training.

Hence, we kindly request all resorts to nominate ***Enumerator(s)*** for Census 2022 and complete the ***registration form*** via the below link and submit it before 02nd August 2022 (1400hrs). Resorts are requested to arrange return transfers for selected staff to attend the training in Male'.

# Census 2022-Resort Information Sheet

## Census date

The Maldives Bureau of Statistics (MBS) is conducting Census 2022 from 13th to 25th September 2022 in all the inhabited and industrial islands as well as resorts and vessels of the Maldives. The operation will be carried out in resorts from 13th to 18th September 2022.

## Census population coverage

As per the United Nation's recommendation, census should cover the whole resident population in a country including locals and foreigners. Thus, to ensure full coverage and avoid any double counting, all individuals except foreign tourists would be listed in their location at 00:00 hours on 13th September 2022. This is referred to as census reference time. The Census 2022 listing exercise will be carried out on 13th September in all resorts. Detailed data collection will be carried out from 15th-18th September 2022.

## Census information coverage

The census in resorts will be carried out by enumerators. It will consist of information on residential building structures, outsourced establishments, and individuals. All the information will be collected on behalf of the Maldives Bureau of Statistics.

This year's census includes both population and economic census in order to obtain a comprehensive picture of the socio-economic characteristics and living conditions which are essential for effective national planning, and policymaking. Thus, a separate form will be sent to the resorts for establishment level details including breakdown of income, expenditure, employment, and so on.

## Resort enumerator training

In order to undertake the Census 2022 exercise in resorts, we have planned to select enumerators from all resorts. The enumerator training will be conducted from 6th to 8th September. This training will be carried out in Male'. Location and time will be informed to selected participants in due time.

During the training, enumerators will be introduced to the concepts and data collection procedure. Please refer to the attached agenda for more details.

## Working Language

The training will be conducted in Dhivehi. The documents used in the training will also be in Dhivehi.

## Date and timing of training

Date: 6th to 8th September 2022

Training time: 8:45 a.m. to 5.00 p.m.

Registration time: 8:45 a.m.

## Travel

We request resorts to arrange return transfers for its' staff to attend this training. MBS will provide food and accommodation allowances for their stay in Male' for the training period.

**Required Gadgets**

The census 2022 forms can only be access through electronic gadgets. Data collection in resorts will be carried out using laptops. Therefore, we kindly request all participants to bring laptops or tablets for the training.

**Attire**

The participants are expected to wear smart casual attire for the entire duration of the training.

**Payment of per diem during training**

The resort enumerators are eligible for a daily allowance MVR700 (consisting of accommodation and food allowance of MVR500 and MVR200 respectively) during the training period. The selected participants are expected to provide their **bank details prior to their travel**. This amount will be transferred to the participant's account.

Additionally, a daily training allowance of MVR100 per training day will be given to the participants. They will receive this amount only if they participate in the Census 2022 field operation, and once the census operation is completed.

**Field hours**

The enumerators are expected to work for 8 hours per day on 13th, and 15th to 18th September 2022, until data collection has been completed. Hence, resort management should facilitate working arrangements accordingly in order to complete this work.

**Field allowance**

The resort enumerators will receive following benefits from the Maldives Bureau of Statistics (MBS) once the field operation has been completed:

Daily field allowance: MVR500 per day

Phone allowance: MVR10 per day

All allowances, including training allowance, would be paid after the census data collection process has been completed. This would be transferred to the participants' bank account.

**Agreement with MBS**

After the training, an agreement will be signed with the enumerators which states that they have been recruited by MBS to work during the Census 2022 period, their working hours, the allowances which they will receive, and responsibilities and actions for breach of any clause in the contract.

**Data confidentiality**

According to Maldives Statistical Act 16/2021 maintaining confidentiality of individual and establishment data is the responsibility of each person collecting and handling data, and accessing individual data on behalf of the Maldives Bureau of Statistics.
