Dear Sir/Madam,

As the number of tourist arrivals increase with tourism recovery and festive season; all tourist facilities are advised to review and ensure the functionality of the general safety & security systems and protocols within the facility, especially in relation to water safety.

Further, all tourist facilities must follow-through with their approved Covid-19 Health & Safety plans as well as any further guidelines set forth by Health Protection Agency and/or Ministry of Tourism; and ensure the proper function of these protocols for safety of all guests & staff.

We thank you all for your continued support, cooperation and contribution towards reviving the tourism sector despite these challenging times and request all tourist facilities to maintain adherence to the procedures and guidelines announced by the Ministry and HPA.
