MINISTRY OF TOURISM
Republic of Maldives

C I R C U L A R

Circular no: 88-IIHR/CIR/2019/23

To: All Tourist Establishments

Date: 10th June 2019

Subject: Expatriate Employment and Rules & Regulation of Maldives Immigration

Dear Sir / Madam,

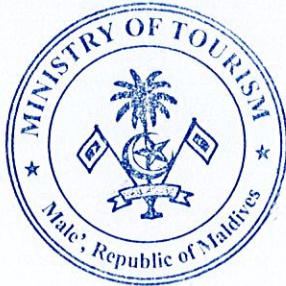

This is a reminder that all tourist establishments should follow the rules and regulations of Maldives Immigration with regard to expatriate employment or hiring expatriate services. Compliance with laws and regulations should be upheld at all times. Please also note that when hiring contractors and subcontractors, establishments should ensure that the entities' expatriate workers are employed as per government laws and regulations.

Conformity to these laws and regulations will ensure and support the management on safety and security of the properties as well. This will also assist the concerned government authorities to attend and handle sensitive issues / cases that may arise in the property, more urgently and efficiently.

We thank you for your understanding and cooperation at all times. For any further information you may contact the Industry Human Resources & International Relations Unit on 3022252/3022245; or email us at iihr@tourism.gov.mv

Thank You.

Yours sincerely,

Aishath Ali
Director General
